

Crosswinds Planking Challenge
 August 18, 2021 | Parkview Field

For the sixth annual year, Crosswinds is bringing awareness to the importance of mental health and counseling with a competitive physical challenge. Competition areas include adult, kids, and teams, complete with prize categories. It is an event unlike any other. Partner with us as we work to make counseling services accessible to everyone in our community by raising enough funds to provide 600 hours of counseling.

Proceeds raised during the event will go to the Crosswinds Hope Fund which ensures everyone who needs mental health resources has access to them.
